

GENERAL INFORMATION

Program Goal:

To provide clinical and practice information in diabetes management, education and research.

Program Objective:

The objective of this conference is to update professionals on the latest in diabetes management, education, and research. It is specifically designed for health care professionals who work with people who have diabetes.

Target Audience:

Professionals who work with people who have diabetes, including but not limited to Registered Nurses, Dietitians, Nurse Practitioners, Pharmacists, Physician Assistants, and Physicians.

Conference Sponsors:

Association of Diabetes Educators of Utah (ADEU) an affiliate of the American Association of Diabetes Educators (AADE).

Continuing Education Credits:

Nurses: An application has been submitted to the American Association of Diabetes Educators, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Dietitians and Pharmacists: An application for continuing education credit has been submitted. Additional credit hours will be available by attending Diabetes 101 (3 hours) or Choices and Change (4.5 hours).

Attendance at and completion of the evaluation are required for credit.

A certificate of credit will be issued at the conference upon completion of the evaluation.

CHOICES AND CHANGE

11:30-12:00 Registration/Lunch

12:00-4:30 Choices and Changes -(Clinical Influence and Patient Action in Diabetes Self-Management Training) is a workshop on clinician-patient communication. This workshop has been adapted through collaboration with the American Association of Diabetes Educators to make it diabetes specific. It is a highly interactive workshop featuring lecture/discussions, reaction to video case clips. Experiential learning techniques provide participants with opportunities to practice interviewing, counseling, motivating and goal-setting skills to support their patients' self-management needs.

Registration limited to the first 20. Fee \$60
